

Any way you arrive, you'll leave happy.

Make The Right Connections To The Most Convenient Port. We're the only port with an airport literally next door which means quick turnarounds and fast ship-to-plane connections from our 11 cruise terminals. In fact, Ft. Lauderdale-Hollywood International Airport has more flights tailored to cruise guests than any other in South Florida and is the fastest growing airport in the United States. Our port also happens to be at the hub of a network of interstate highways to tap our huge local market, all without crowded city street driving. At Port Everglades, we know how important it is to have the right connections.

A major airport is just two kilometers (one mile) away.

Look before you book.

Immerse Yourself In The Benefits Of Booking Hassle-Free Port Everglades. Our 11 spacious terminals are specifically designed to get your clients on and off the ship so quickly they may not have time to notice the comfortable seating, dramatic architecture and ample parking. Since Ft. Lauderdale-Hollywood International Airport is literally right next door, we're the only port that lets guests be whisked from airplane to ship so fast there's barely time to enjoy the view. We've been named "World's Best" more often than any other port and with 17 cruise lines, 48 ships and over 2,000 cruises each year, no port offers more variety. So, when you look to book cruises, look to Port Everglades.
